BLOCK – WALL LIGHT

REF WL 001

A clean and simple wall light inspired by the Bauhaus approach, which focuses on geometric forms. The Bauhaus school studied the art world, where Cubist artists, such as Picasso, Braque and Gris, were breaking down objects into their basic geometric forms – cones, cubes & spheres. Square in Circle Studio was inspired by this approach and developed a tubular wall light that is separated in the centre with a metal cube block. Light is suitable for bathroom use.
